The man

29 2 4

Chapter 1 by VampiricPoppet

THE MAN. He was always there. Watching. Studying my every move. Trying to find my strengths and weaknesses. Yet I never knew he was there. Until that day. The day my life changed. The day I caused an apocalypse. The day everything crumbled to ash except for a few resources. Wood. Water. Food. And it was all his fault. It was all because of the man. There were 4 people. Me and three others on different sides of the world. Our mission was to come together. To come together and survive. If we could survive long enough, maybe every thing would be restored. That was what we were told. Before everything was destroyed. Oh, yeah. I forgot to mention, there was actually 5 people who survived. The 5th was him. The man.

Chapter 2 by StoryTime

First day. I am here, somehow alive. Looking at my hands, my feet, my broken watch. Everything is there, but nobody is here. The worlds looks crazy - completely destroyed. There is nothing except some junk and me. I'm not sure how i survived but i'm here. I have absolutely no clue what to do now.

But wait! What about this man i saw before "it" happened!?

Just before, he screamed something about 5 people.

Does this mean i am not alone?

Day 2. I am here, somehow alive. Looking at my shelter built from rusty metal pieces i found. The environment reminds me of a famous movie. I think it was called something like Max, or i don't know, it's just a desert. It won't help me either to survive.
